Developed by Sauna

Maesters

for you!

High-Quality Handmade Wellness and Sauna Apparel from South Tyrol.

With the sustainably developed “Steinböckl” collection, new accents are being set in the wellness, spa, and sauna sectors.

To avoid having to use a simple bath towel as a substitute for a robe, we offer sarongs for ladies and kilts for gentlemen. Different preferences, tastes, and fashion trends are catered for.

The products stand out from others due to their refined, clever cuts, carefully selected trimmings, buttons, and designs. These lightweight garments require little space.

Made from cotton, they are also suitable for use in sauna cabins.

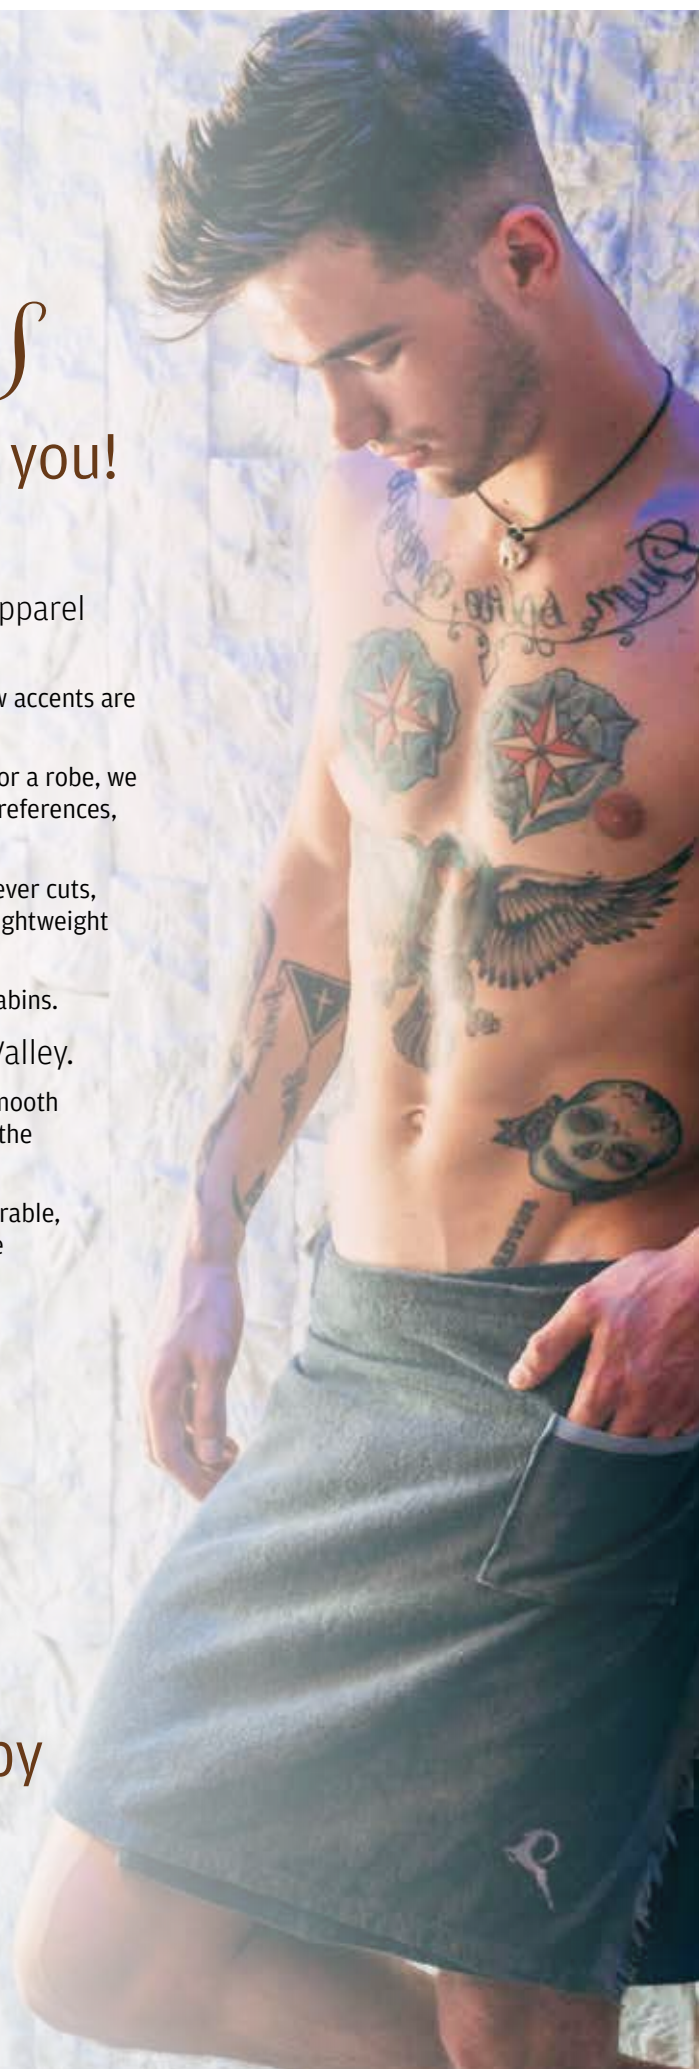

Discover the highest quality from the Sarntal Valley.

The Ondin lightweight terry features two different sides—smooth on the inside and terry on the outside. Additionally, due to the very short loops, it does not fray easily.

It absorbs water well but also dries quickly and is highly durable, making it particularly suitable as workwear in and after the sauna for sauna masters and mistresses.
